

STRAY CAT STRUT FAN MEDIA LICENSE

This fan media license (“License”) is offered by RavensDagger (hereinafter referred to as the “Author”) for use by any individual or small team that wishes to create fan media based on the intellectual properties of the Stray Cat Strut novel series (hereinafter referred to as the “Licensed Series”), which may include fan fiction, art, comic, music, or any other creative media (hereinafter referred to as “Fan Works”).

Summary

This section is intended to summarize the key aspects of this License, so that interested parties may know what the License entails. This section is not intended to provide full disclosure of all terms of the License. As stated in Section 4.5., where conflict may exist between this section and the rest of the License, this section should have no bearing on how the rest of the License is read.

- You are permitted to use the setting, events, characters, and iconography (e.g., logos and character designs) in your Fan Works.
- You ARE permitted to monetize your Fan Works.
- You MUST be an individual or small team (twenty or fewer) to benefit under the License.
- You may NOT use text copied from the Licensed Series.
- You do NOT have to submit your Fan Works to the Author.
- You do NOT have permission to use other Fan Works without permission.
- You MUST grant the Author permission to use any characters, events, etc. that appear in your Fan Works. This is to prevent arguments that you created ideas used by the Author in the future.

1. Scope of License

1.1. So long as all provisions of this License are met and remain in good standing, the Author hereby grants you a non-exclusive license to the settings, events, characters, and iconography of the Licensed Series for use in your own Fan Works.

1.2. This License does **NOT** grant use of the text or existing artwork of the Licensed Series. You may not copy the text or the existing artwork of the Licensed Series, in whole or in part, and use it in your own Fan Works. You are permitted to reference events and use characters from the Licensed Series in your own Fan Works, but you are expected to recreate them in your own words. You are permitted to provide existing artwork to artists for use as reference images for commissioned art. You are also forbidden from using the text or existing images of the Licensed Series to train a large language model (LLM, also known as AI).

1.3. You are permitted to monetize your Fan Works without owing royalties to the Author or Publisher, so long as you clearly and unambiguously refer to the Licensed Series as an inspiration and provide useful information to allow others to find it. You must also reference this License within the information about your Fan Works.

1.4. This License does not provide you access to the original settings, events, characters, or iconography that appear in other Fan Works. If you wish to use those, the Author encourages you to contact the creator of the Fan Works to request collaboration.

1.5. To be eligible to benefit from this License you must be an individual or a small team (twenty or fewer people). Those eligible to benefit from this License are permitted to publish or post their Fan Works and monetize them freely.

1.6. The following non-limiting examples are **NOT** considered Fan Works and would be ineligible to benefit under this License:

- A translation of the Licensed Series to another language.
- A direct retelling of the core story of the Licensed Series from the same perspective.
- Any works made at the behest of or created as a work made for hire for a company with more than twenty employees.

2. Obligations

2.1. Your Fan Works must comply with all local laws and restrictions that may be applicable.

2.2. By accepting this License and publishing or selling your Fan Works, you must have ownership or be licensed to the copyrights and trademarks for all aspects of your Fan Works. To use more plain language for the intent of this Section: If you have stolen or improperly used the creative works of other people, you are violating this License too.

2.3. By accepting this License, you also grant the Author a license to use the original settings, events, characters, and/or iconography that appear within your Fan Works. Please note that this does NOT compel the Author to allow your characters to appear within their future works within the Licensed Series (or otherwise), this Section exists merely to address the risk that your ideas may prove to be similar to future characters, locations, or events that the Author writes. As the old saying goes: Great minds think alike.

2.4. You are NOT required to notify the Author about your Fan Works, nor do they need to sign off on your Fan Works before you post or list it.

2.5. You are NOT permitted to suggest or imply that the Author has reviewed or specifically approved of your Fan Works beyond the existence of this license, unless the Author specifically tells you otherwise. As stated in Section 1.3., you must clearly and unambiguously refer to the Licensed Series as an inspiration and provide useful information to allow others to find it. This can be as simple as links or just directions about where to find the existing books (e.g., that it is available on Amazon and the Author's and Licensed Series' names.) You must also reference this License within the information about your Fan Works.

3. Term, Revocation, and Termination

3.1. Unless the Author or current copyright holder revokes it (or you breach the terms of the License as described in Section 3.4), this License remains in effect while the copyright to the Licensed Series remains in effect.

3.2. The Licensed Series not only contains all novels and stories currently published within the series, but also automatically encompasses all future novels, chapters, and spin-offs set within the Licensed Series that are created by the Author.

3.3. The Author (and any subsequent exclusive copyright holder) may choose to revoke your right to benefit under this License. However, the Author (or subsequent exclusive copyright holder) shall only revoke your right to benefit under this License for good cause, including (as a non-limiting example) Fan Works that would damage or threaten the intended messages of the brand of the Licensed Series. To put this more plainly to reflect the Author's intent: Don't be a jerk about how you use the benefits of this License.

3.4. Your right to benefit under any version of this License is immediately and permanently revoked if you breach any term of this License or if it is revoked under Section 3.3. In such an event, you must promptly take down your Fan Works and discontinue all further sales and distribution.

4. Additional Clauses

4.1. Force Majeure Clause. If you are prevented or delayed in the performance of an obligation under this License as the result of a circumstance beyond your reasonable control, including, without limitation, an act of god, war, riot, fire, terrorism, or failure of a public or private utility, such failure or delay shall not be deemed to constitute a material breach of this License, but such obligation shall be performed or satisfied as soon as is reasonably practicable after the cessation of the cause of such failure or delay.

4.2. Choice of Law and Forum. This License, and all matters arising out of or relating to this Agreement, shall be governed by the laws of the Province of Quebec, excluding its conflict of law provisions. The Parties hereby submit to the personal jurisdiction of the appropriate provincial and federal courts located in the Province of Quebec, and waive all objections to placing venue there, or any claim of forum non conveniens.

4.3. Independent Entities. Except as may be expressly and unambiguously provided in this License, no fiduciary relationship, partnership or joint venture is intended to be created by this Agreement, nor any principal-agent, Work Made For Hire, or employer-employee relationship. Except to the extent expressly provided in this License, neither you nor the Author has, and neither you nor the Author shall attempt to assert, the authority to make commitments for or to bind the other to any obligation.

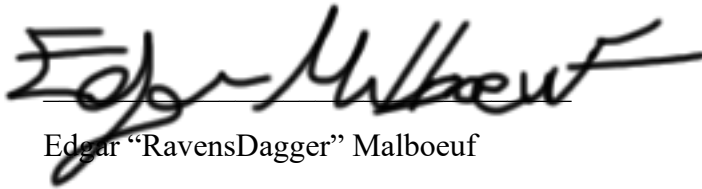

4.4. Severability. If any one or more of the provisions of this License should be ruled wholly or partly invalid or unenforceable by a court or other governmental body of competent jurisdiction, and as long as the fundamental objectives of the License can be carried out, then: (a) the validity and enforceability of all provisions of this License not ruled to be invalid or unenforceable will be unaffected; (b) the provision(s) held wholly or partly invalid or unenforceable will be deemed to be amended, and the court or other governmental body is authorized to reform the provision(s), to the minimum extent necessary to render them valid and enforceable in conformity with the Author's and Publisher's intent as manifested herein; and (c) if the ruling, and/or the controlling principle of law or equity leading to the ruling, is subsequently overruled, modified, or amended by legislative, judicial, or administrative action, then the provision(s) in question, as originally set forth in this License, will be deemed to be valid and enforceable to the maximum extent permitted by the new controlling principle of law or equity.

4.5. Headings and Summary. The Section headings and the Summary contained in this License are for reference purposes only and shall not in any way control the meaning or interpretation of this License.

4.6. Entire Agreement. Except as may be expressly provided otherwise herein, this License constitutes the entire agreement between the Parties concerning the subject matter thereof. No prior or contemporaneous representations, inducements, promises, or agreements, oral or otherwise, between you and the Author with reference thereto will be of any force or effect. The Author may unilaterally alter this License without notice, but you may claim benefit to the version of this License that existed when you created your Fan Works, due to your reliance on that version.

This provision does not prevent future agreements that may be entered into between you and the Author, including, as a non-limiting example, agreements with a publisher to have your Fan Works published under it.

IN WITNESS WHEREOF, the Author has executed this License for use by you and other fans who wish to create Fan Works on the dates set forth below.
